Product: Quicken Mac Web Connect

As RSI Bank completes its system conversion to Columbia Bank, you will need to modify your Quicken settings to ensure the smooth transition of your data. Please reference the dates next to each task as this information is time sensitive. To complete these instructions, you will need your login credentials for online banking.

You should perform the following instructions exactly as described and in the order presented. If you do not, your online banking connectivity may stop functioning properly. This conversion should take 15–30 minutes.

Thank you for making these important changes!

Activate online banking connection for accounts connected to financial institution that is requesting this change.

1. Select your account under the Accounts list on the left side.
2. Choose **Accounts > Settings**.
3. Select **Set up transaction download**.
4. Enter your financial institution name in the search field, select the correct option and click **Continue**.
5. Log into your financial institutions online banking site and download your transactions to your computer.
Important: Take note of the date you last had a successful connection. If you have overlapping dates in the web-connect process, you may end up with duplicate transactions.
6. Drag and drop the downloaded file into the box titled **Drop download file**. Choose **Web Connect** for the "Connection Type" if prompted
7. In the "Accounts Found" screen, ensure you associate each new account to the appropriate account already listed in Quicken. Under the Action column, click **Link** to pick your existing account.
Important: Do NOT select "ADD" in the Action column unless you intend to add a new account to Quicken.
8. Click **Finish**.
